Golden Leaf Holdings Receives City Regulatory License For Extraction Facility In Portland

PORTLAND, Ore., Aug. 02, 2018 (GLOBE NEWSWIRE) -- Golden Leaf Holdings Ltd. ("GLH" or the “Company”) (CSE:GLH) (OTCQB:GLDFF), a cannabis company with cultivation, production and retail operations built around recognized brands, today announced it received its city regulatory license for its extraction facility in Portland, Oregon. This license, which was issued by the City of Portland, was the last leg of approval needed before the extraction equipment could be operated. The first step was obtaining state licensure approval, which the Company announced it received last week.

Immediately upon receipt of the city’s license, the Company’s production team began operating the extraction equipment. The Company has strong estimates of expected equipment performance, and work to validate that production capacity is underway.

“The next few days are important for our Company’s production team, as we substantiate our equipment performance. We have a good idea of what they are capable of producing, we just want the hard facts and data,” said William Simpson, CEO, Golden Leaf Holdings. “Once the verification process is complete, we will have stronger line of sight to production capacity that our sales team can rely on to make market penetration and competitive pricing decisions.”
